

# Terms and Conditions

Bouncy castles are delivered between the hours of 08-10 unless prior arrangements have been made. Collection is up to 1800 unless you want overnight in which case a £20 overnight fee is applied and will be collected at 0800 -1000 next day.

Castles range between 10x10 £60 to 12x15 £80-to-22-foot slides at £130 day rate. All castles are in good condition and are cleaned and inspected prior to any hire.

## Events

If limited funds, we are a sociable, friendly, family business and we love attending events, if you wish for us to pitch up our equipment and contribute to your charity events we will not charge for attendance but will take payment per user on equipment and contribute a ten percent of takings to your school, or charity.

Generators are an additional cost at £25 charge. Petrol is not provided.

Staff can be provided to ensure safe management for the day at a cost of £80 per staff member. If no staff are required, then venues or organisations must ensure the castles are monitored for safe use and must have read and signed the hirers agreement paperwork.

All equipment is checked for serviceability and safety before delivery. Whilst we understand that accidents can happen, safe practice must be always adhered too. Accidental damage must be made aware on collection so that it can be remedied at nearest opportunity. Damages to castles whilst in hire are liable to replace the equipment or pay for fix if malicious damage is believed to have occurred.

We are a family business and will ensure that we meet your requirements for your special occasions.
